Integrated Conferencing System

Software

- BigBlueButton open source software

- Similar to most other web conferencing software

Tutorials

- https://bigbluebutton.org/teachers/tutorials

Practice

- Use either the Scrimmage #5 links or your League Tournament links (once published) to become familiar with the conferencing software

Remote Scoring System

Integrated Conferencing System

Integrated Conferencing System / Presentation Judging

- Team first enters Waiting Room

  - Teams may talk among themselves, practice presentation, etc. until judges are ready
  - **Recommended**: Join early so team is ready for interview

- Judges directly enter Main Session

- Once judges are ready, they will move your team from Waiting Room to Main Session

- Judges will let you know when to start and stop (15 minute interview)

Integrated Conferencing System / Follow-up Judging

- Equivalent to "Pit interviews" at in-person event

- Teams directly join Main Session

  - Teams may talk among themselves until judges join
  - Teams must remain in session for entire duration (45 minutes)

- Judge teams (2-3 judges per team) will join your session when they are ready to ask follow-up questions

- At least one judge team will visit your team
