League Tournament Ranking Calculation

- Remote League Tournament rankings are based on the top ten (10) Matches from all previous league meets plus the top five (5) Matches from the League Tournament
- Remote League Tournaments do not have an elimination round
- Teams with fewer than fifteen (15) total Matches after the Qualification Matches at the League Tournament have been played will only be ranked on the Matches that they have played.

Competition Rankings

Each Team at a competition is ranked according to the following sort order:

1. Total Ranking Points; highest to lowest, then
2. Total TieBreaker Points (TBP1); highest to lowest, then
3. Total TieBreaker Points (TBP2); highest to lowest, then
4. Random electronic selection Ranking Points and TieBreaker Points are awarded at the end of each Match.

Competition Rankings (continued)

TieBreaker Points 1 (TBP1)

- *Remote Event:* Team receives **their Autonomous Period score** as their TBP1.
- *Traditional Event:* Team receives **their Alliance's Autonomous Period score** as their TBP1.
- Total TBP1 is the sum of the TBP1s of all non-Surrogate Qualification Matches that a Team plays in a Tournament.

TieBreaker Points 2 (TBP2)

- *Remote Event:* Team receives **their End Game specific task score** as their TBP2.
- *Traditional Event:* Team receives **their Alliance's End Game specific task score** as their TBP2.
- Total TBP2 is the sum of the TBP2s of all non-Surrogate Qualification Matches that a Team plays in a Tournament.
